**YELLOW HOUSE**

community

**The Yellow House Community, LLC  
(YHC) is looking for a  
Household Head to join our team!**

YHC is a State of Vermont licensed Therapeutic Community Residence for adults with intellectual and developmental disabilities located in downtown Middlebury. YHC is looking for that special individual (or couple) who welcomes a leadership position and could commit to living on-site at YHC. The Household Head (HH) is responsible for the health and happiness of the household and is, in many ways, the surrogate parent in the house. Our ideal candidate is compassionate, patient, flexible, resourceful, comfortable in a supervisory role, passionate about working with individuals with intellectual and developmental disabilities, and a team player. As part of the YHC leadership team, the HH will collaborate with staff to care for the physical, emotional, medical, and programming needs of YHC residents. The Household Head is a full-time position. The generous compensation package includes free room and board and ample time off.
